

Full Stack Developer

Shashidhar Surpur

Professional summary

Experienced in **Engineering Lead - UI**, creating interactive user interface using **React-JS, Material-UI, Ant-Design, Bootstrap**, etc. With a strong track record in full-stack development, I excel in designing reusable components and optimizing user experiences. My expertise includes handling API calls, collaborating with cross-functional teams, and seamlessly integrating UI components. As an MCA graduate from BIT, Bangalore, I am eager to leverage my skills as a Full Stack Developer.
